The BAY Team, The Bayside YMCA and ACTION Performance & Leadership are partnering to offer a unique training opportunity for youth directors, camp counselors, teachers and caregivers.

The workshop will explore how to help young people discover and develop their "sparks": the interests and passions they have within them that light a fire in their lives, and express the essence of who they are & what they have to offer the world.

The workshop is based on Search institute research that indicates that helping young people identify their sparks and providing opportunities to pursue and develop those sparks contribute to positive academic and behavioral outcomes.

There is no fee for this workshop but a donation to the YMCA Send a Kid to Camp Fund at the door is appreciated.
