CITY HALL

145 TAUNTON AVENUE

EAST PROVIDENCE, RHODE ISLAND 02914-4505

April, 2019

Dear Resident,

Pawtucket Hot Mix Asphalt (PHMA), anticipates commencing roadway construction on Taylor Dr and Patton Rd on Monday, April 8, 2019. The work includes pulverizing the asphalt, grading the roadway base, adjusting utility structures and installing 2 layers of asphalt pavement.

At times during construction, Taylor Drive and Patton Road may be closed temporarily, for a few hours on any given day. During these brief closures truck traffic will be detoured through Circle St and Nimitz Rd. This detour will be temporary and will last for only a few hours.

The City and the Contractor will make every effort to minimize any inconvenience to the residents throughout this process, however the rerouting of the truck traffic during the reconstruction of these roads cannot be avoided. Thank you for your patience.

Should you have any questions or concerns regarding this project please contact the City's Engineering Division at 401-435-7703.

Sincerely,

Erik Skadberg
